Sir:

It has recently come to our attention that there may be an error in the patent term adjustment calculated by the U.S. Patent and Trademark Office for the above-referenced patent application. Specifically, the patent term adjustment pursuant to 35 U.S.C. 154(b) of 294 days indicated on the Determination of Patent Term Adjustment, PTOL-85, may extend the term of this patent by too many days. Please review the calculation of the patent term adjustment, and in particular any calculations concerning an Information Disclosure Statement filed March 10, 2004, and make corrections, if necessary.

Respectfully submitted,

Andrew D. Stover
